

/home/speno/AC4DC/include  
/Pulse.h

```
graph TD; A["/home/speno/AC4DC/include  
/Pulse.h"] --> B["vector"]; A --> C["string"]; A --> D["iostream"]
```

The diagram illustrates the include dependencies of the file `/home/speno/AC4DC/include/Pulse.h`. A central gray box at the top contains the file path. Three blue arrows originate from the bottom of this box and point to three separate white boxes below it. These boxes are labeled `vector`, `string`, and `iostream`, indicating that `Pulse.h` includes these three standard C++ headers.

vector

string

iostream
